competition between firms is usually the most effective way of delivering economic efficiency and what consumers want however there is a balance to be struck firms must not be over regulated and so hampered in their development of innovative products and new strategies to compete for customers nor must they be completely free to satisfy a natural preference for monopoly which would give them higher profits and a quieter life the economic role of competition policy control of anticompetitive agreements mergers and abusive practices is to maintain this balance and an effective policy requires a nuanced understanding of the economics of industrial organization cases in european competition policy demonstrates how economics is used and sometimes abused in competition cases in practical competition policy across europe each chapter

summarizes a real case investigated by the european commission or a national authority and provides a critique of key aspects of the economic analysis

in a single volume the new edition of this guide gives comprehensive coverage of the developments within the fast changing field of professional academic and vocational qualifications career fields their professional and accrediting bodies levels of membership and qualifications and is a one stop guide for careers advisors students and parents it should also enable human resource managers to verify the qualifications of potential employees

this book addresses the most crucial challenges facing managers of mncs as they operate across different institutional frameworks and complex cultural contexts what is the optimal balance between local responsiveness and global integration how can a common culture be developed in the face of profound cultural differences how can knowledge be transferred across the mnc what employment policies are legitimate in a world of differing standards

family businesses the predominant form of business organization around the world can make numerous critical contributions to the economy and family well being in both financial and qualitative terms but dysfunctional family businesses can be difficult to manage painful experiences at best and they can destroy family wealth and personal relationships this book explores the dynamics of family business management in the context of constantly changing market conditions and the role that knowledge management plays in strategic planning and adaptation integrating the literature from family business entrepreneurship industrial psychology and knowledge management and with illustrative examples from a variety of enterprises the authors address such topics as how family businesses can compete in the new knowledge economy how to manage a family business when knowledge is its main asset how to transfer knowledge and how to keep it alive through family generations within this framework the authors argue that effective resource management especially intangible resources is central to enabling a family run organization to maintain a sustainable competitive advantage over time they note that families often develop systemic intuitive or tacit knowledge that transcends rational decision making and needs to be recognized and nurtured as a distinctive asset the authors demonstrate that trans generational value is achieved when the family firm innovates and adapts itself to changing external and internal conditions this kind of entrepreneurial performance requires

dynamic capabilities and processes designed to acquire exchange combine and even shed knowledge and practices and in turn dynamic capabilities result from mechanisms of knowledge sharing collective learning experience accumulation and transfer
