the present volume offers the first critical edition of the hebrew text of the two versions of ibn ezra s book of the world accompanied by an english translation and a commentary these twin treatises represent the first

hebrew work unique in medieval jewish science to discuss the theories and techniques of historical and meteorological astrology that had accumulated from antiquity to ibn ezra s time on the basis of greek hindu persian and arabic sources this volume also incorporates the first critical edition translated and annotated of m sh □all h s book on eclipses a work dealing with mundane astrology whose hebrew translation was ascribed to ibn ezra as well as a study of three brief texts in which ibn ezra conveyed his own opinion about mundane astrology

though there are a number of well written works on chinese divination there are none that deal with the three sophisticated devices that were employed by the chinese astronomical bureau in the eleventh century and for hundreds of years thereafter chinese experts applied the methods associated with these devices to both weather forecasting and to the interpretation of human affairs hidden by a veil of secrecy these methods have always been relatively little known other than by their names the first work in any language to explore these three methods known as sanshi three cosmic boards this book sheds light on a topic which has been shrouded in mystery for centuries having been kept secret for many years by the chinese astronomical bureau

this book will provide you with the long lost key to the traditional western lunar mansions also once known as the manzils in the lunar mansions guide rediscovering the western lunar zodiac oscar hofman retrieves and regenerates this old and important technique which in western astrology at least has become almost obsolete his investigations were based on the critical evaluation of old texts and on his extensive knowledge of the fixed stars their natures and especially their mythological stories the result of his hard work is demonstrated here in copious case studies showing that the method is a wonderful tool suitable for use in natal electional and predictive astrology the lunar mansions guide makes the perfect companion to oscar s previous book fixed stars in the chart and will be welcomed by seasoned students as well as those who are new to the technique of lunar mansions

in kao gong ji the world s oldest encyclopaedia of technologies guan zengjian and konrad herrmann offer an english translation and commentary of the first technological encyclopaedia in china this work came into being around the 5th century c e and contains descriptions of thirty technologies used at the time most prominent are bronze casting the manufacture of carriages and weapons a metrological standard the making of musical instruments and the planning of cities the technologies including the manufacturing process and quality assurance are based on standardization and modularization in several commentaries the editors show to which degree the descriptions of kao gong ji correspond to archaeological findings revised and updated translation from the chinese edition 科学 技术 史 isbn 978 7 313 12133 2 by guan zengjian shanghai jiao tong university press 2014 published by shanghai jiao tong university press

the written world of god is the first systematic overview of the science of letters ilm al huruf according to the great andalusian spiritual master scholar poet and philosopher ibn arabi d 1240 ibn arabi defined the science of letters as familiarity with the building blocks of the quranic revelation and everything in the world of nature letters are understood as visual and aural signs pointing to the mysteries of existence the present study examines how the universe came to be for what purpose it was created and the hierarchical structure it is endowed with it is an old story told anew through the 28 letters of the arabic alphabet their orthographic forms and the meanings attributed to them using ibn arabi s own diagrams although the story could be told through geometric figures or numbers letters were chosen on the basis of ibn arabi s doctrine that the meanings carried by the letters fully encompasses the whole of existence god and the universe

the three books of occult philosophy s vast store of magical lore has been so influential that occultists have been drawing upon it for the past five centuries this classic work was first published in 1531 and translated into english in 1651 but it has never since been reprinted in its entirety now for the first time in 500 years editor donald

tyson presents these writings as agrippa intended them to appear wholly complete and free from the hundreds of errors made in the original translation the three books of occult philosophy is the most complete repository of pagan and neo platonian magic ever compiled this book is packed with material you will not find elsewhere including copious extracts on magic from obscure or lost works by pythagoras pliny the elder cicero ptolemy plato aristotle and many other authorities donald tyson s detailed annotations clarify difficult references and provide origins of quotations even expanding upon them in many cases in order to make agrippa s work more accessible to the modern reader as well as providing extensive insight into the foundations of the western esoteric tradition the three books of occult philosophy is the ultimate how to for magical workings it describes how to work all manner of divinations and natural and ceremonial magic in such clear and useful detail that it is still the guide for modern techniques and the extensive supplementary material including biographical and geographical dictionaries and appendices provides quick reference to many previously obscure matters in classical magic the three books of occult philosophy is an essential reference tool for all students of the history of ideas and the occult tradition back cover
